PROFESSIONAL SUMMARY

Mobile app and web developer with over 3 years of experience, adept at designing and delivering engaging mobile apps and websites. Known for achieving significant user engagement through strategic design and development. Collaborative team player focused on driving excellence and innovation in every project.

TECHNICAL SKILLS

- Development Skills:- React-Native, React JS, JavaScript, Typescript, HTML/CSS, Redux, Context API.
- Tools and Platforms:- Open AI, Postman, Socket.io, Firebase, Clever-Tap, Mo-engage, Deployment, Xcode, Figma, Zeplin and Google Analytics.
- Version Control and Collaboration:- Bit-bucket, Git.

WORK EXPERIENCE

Software Engineer – Roothoot Pvt Ltd Oct 2024 – Present
Hyderabad, Telengana

- Built mobile applications using React Native, focusing on performance, quality, and responsiveness. Conducted thorough code reviews and resolved technical issues to maintain high code quality.
- Integrated user-facing elements with server-side logic and third-party APIs. Collaborated with team members and stakeholders to ensure timely project completion and adherence to specifications.

Associate Software Engineer – Daffodil Software August 2021 – Sept 2024
Hisar, Haryana

- Created mobile applications using React Native with a focus on speed, quality, and user experience. Regularly reviewed code and resolved issues to maintain high standards.
- Integrated apps with servers and third-party APIs. Collaborated with team members and stakeholders to complete projects on time and meet expectations.

PROJECTS

Derwent London – Roothoot Pvt Ltd Nov 2024 – Present
Hyderabad, Telengana

- Created responsive user-facing screens with React Native and React JS, ensuring cross-platform compatibility. Optimised data sharing using native modules for seamless interaction across devices and platforms.
- Integrated Firebase for notifications and Clever-Tap for engagement tracking. Deployed on Android and iOS, collaborating through Figma and tracking performance with Google Analytics for improved functionality.

Car Auction – Roothoot Pvt Ltd Oct 2024 – Jan 2024
Hyderabad, Telengana

- Designed interactive interfaces using React Native and React JS, integrating chat-bot and map features to enhance user experience. Improved engagement with Firebase notifications and Clever-Tap analytics.
- Deployed the app on Android and iOS platforms, ensuring smooth performance with robust deep linking and collaboration. Used Firebase for app links and analytics to track user interactions.

Floom - Journal Community App – Daffodil Software Sept 2021 – Jan 2024
Hisar, Haryana

- Developed user-facing screens and elements using React JS, React Native, HTML, CSS, and JavaScript. Integrated third-party APIs including Firebase, Clever-Tap, Moengage, and Open AI. Managed notifications and app links using Firebase.
- Worked on native modules and sharing intents for data sharing across apps and platforms. Deployed the app on both Android and iOS, utilising tools like Google Analytics and Figma for performance tracking and design collaboration.

Raga Therapy – Daffodil Software Jan 2022 – Aug 2022
Hisar, Haryana

- Developed user interfaces with React JS, React Native, HTML, CSS, and JavaScript. Integrated third-party APIs, implemented app and post sharing links using Firebase, and deployed the app on both Android and iOS.

Verbee – Daffodil Software
Hisar, Haryana

June 2023 – Sept 2024

- Created user interfaces with React JS, React Native, HTML, CSS, and JavaScript. Integrated third-party APIs and implemented Open AI services including Azure, Claude, and Chat-GPT. This project can be viewed at <https://verbee.ai/>.
- Implemented app and post sharing links using Firebase. Deployed the app on both Android and iOS. Utilised Google Analytics and Figma for performance tracking and design.

Locomo – Daffodil Software
Hisar, Haryana

Jan 2023 – Sept 2024

- Developed user interfaces with React JS, HTML, CSS, and JavaScript. Integrated third-party APIs, implemented app and post sharing links using Firebase, managed notifications, and integrated Firebase analytics with Google Analytics. This project can be viewed at <https://locomo.io/>.

EDUCATION

Govt. Polytechnic, Hisar • Hisar, Haryana
Polytechnic • Computer Science Engineering • CGPA: 8.5

August 2018 – August 2021

R.D.Public School, Tekari • Gaya, Bihar
Secondary Education • 10th(CBSE) • CGPA: 9.5

August 2018
